

The new Promoters Championship is a unique collaboration of various tournaments that have joined together in an effort to create an independent Championship. They are strategically located throughout the United States so that as many Athletes as possible can qualify for the Championship as part of **Disney's Martial Arts Festival at Disney's Wide World of Sports®** Complex at the WALT DISNEY WORLD® Resort, near Orlando Florida. The Promoters Championship is October 16, 2009.

Same Divisions/Same Awards:

There are no special Promoters Championship divisions. Win first place in a qualifying division(s) and you qualify. There are no special awards for the Promoters Championship at the qualifying level.

Win one and you are in:

If you win first place in your regular division in a qualified division at an Official Qualifier, you are qualified for the Promoters Championship. All qualified Athletes will receive a certificated of congratulations from Disney Sports.

Pre-registration and on-line only

The Championship will be pre-registered only. Last day to register will be October 14, 2009. Due to the placement, registration will be on-line only. The registration fee will remain the same throughout the year so those that qualify later in the year will receive the same pricing as those that qualified earlier.

Fundraisers – Let the world know

There are various fundraising opportunities to help get you and your coach/school owner to the Championship. ESPN The Magazine is one way that has proven to be very successful. We suggest having your school owner contact the local press to interview her or him on your accomplishment. In preparation for the interview, take a picture with you and your coach/school owner holding the qualifying certificate. This may help raise the awareness of your accomplishment in your community and get them get behind you to offset some of the expense for your continued "*Journey to the Championship*".

All Belts in three disciplines:

This championship is for all belts. The disciplines that are part of the championship include Chinese Martial Arts, Karate and Tae kwon do.

Not all Qualifiers will qualify all three disciplines:

Since it is required that judges are qualified in their respective disciplines, not all qualifiers will have all disciplines. Some will only have one, some two and a few will have all three. Please check the list of Qualifiers as to which disciplines are at a Qualifier.

At the Championship, the Grand Champions are Black Belts Only:

- There will be four Grand Champions at the Championship. They will be Black Belt only. They will be; one adult and one youth Forms Grand Champion and one adult and one youth Weapons Grand Champion.

Championship rules and divisions may be different than at the Qualifier:

A rules committee has determined the rules at the championship. They may be different than the rules and divisions at the Qualifier. It is vital that you review the rules at the Championship to assure that you follow them. The divisions may also be different.

For example; at the Qualifier you may have qualified for six and seven year olds, but the championship may be six and under. If you are six years old, then you would be in the six and under division. Each Qualifier needed to keep their divisions and rules as they may have responsibility to a circuit or organization and cannot change them. Since we are not a circuit we do not want them to change them. When you register for the Championship on-line, the system will place you in the correct division(s) for the Championship.
